

**REMARKS**

Applicants amend claims 10 and 14 by this Amendment to conform the claims to the proposed Examiner's amendments that were authorized by the Applicants' representative on February 10, 2009. In particular, Applicants agreed to amend claims 10 and 14 to recite - "each of said CB BER measurement reports including data indicative of a measured BER and data indicative of a power level". In the Examiner's Amendment entered with the Notice of Allowance, however, the Examiner appears to have inadvertently deleted the word "data" from the phrase "data indicative of a measured BER". Accordingly, Applicants amend claims 10 and 14 to correct this error.

Since the amendment does not require any further search and/or consideration, entry and consideration of this Amendment are respectfully requested.

Respectfully submitted,
